## "Shear" Nonsense For Prospector Readers

It Didn't Worry Him.  
It was evident that the obedient lit-  
tle maid was troubled.  
"Mamma insists that I must not see  
you any more," she said, regretfully.  
The resourceful young man only  
smiled.  
"Well," he replied, carelessly, "if  
she is satisfied to have me meet in the  
dark, I am."—Brooklyn Eagle.

A Sure Proof.  
Mr. Newbloom—So the grocer  
told you how you could tell oleomargarine? That was good of him.  
Mrs. Newbloom—Wasn't it? He  
said any time I saw another grocer  
selling butter two cents cheaper than  
his I could be sure it was oleomargarine.—Brooklyn Eagle.

Proof Enough.  
He—What proof have I that you really  
love me?  
She—Proof? Did I not dance with  
you at the Astor ball?  
"Yes, but I don't consider that any  
proof of affection."  
"You would if you knew how badly  
you danced."—N. Y. Weekly.

That Reminded Him.  
The other day, as two friends were  
talking together in the street, a donkey  
began to bray and wheeze and  
cough in a distressing manner.  
"What a sad that donkey has," said  
one of the men. "And by the way,  
that puts me in mind—how is your  
cough?"—Tit-Bits.

A Model Child.  
Dickie—Pa, were you a good boy  
when you were as little as me?  
Father—Yes, indeed, Dickie. I was  
always a very good boy; but somehow  
or other I had a great many serious and  
painful misunderstandings with my  
parents.—Detroit Free Press.

Significant.  
Vermilye—There must be big money  
in repairing automobiles.  
Brinkerhoff—Think so?  
Vermilye—Well, my plunger has  
gone into it.—Brooklyn Eagle.

Not an Anticipation.  
She—So your brother is to be mar-  
ried? I suppose he is full of joyful  
anticipations?  
He—Oh, not at all—he has been  
married before, you know.—Judge.

Oriental Subtlety.  
"An umbrella is the badge of world-  
ly preferment in the orient."  
"A subtle reminder that worldly  
preferment is easily lost."—Detroit  
Free Press.

Deafness Cannot be Cured  
by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deafness,  
and that is by constitutional remedies.  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the  
Eustachian tube. When this tube is  
inflamed you have a rumbling sound  
or imperfect hearing, and when it is  
entirely closed, deafness is the result,  
and unless the inflammation can be  
taken out and this tube restored to its  
normal condition, hearing will be de-  
stroyed forever; nine cases out of ten  
are caused by Catarrh, which is nothing  
but an inflamed condition of the  
mucous surface.  
We will give One Hundred Dollar  
for any case of Deafness (caused by  
catarrh) that cannot be cured by  
Hall's Catarrh Cure. Send for cir-  
culars free.

## ARIZONA RECORD

### Cereal Production Record for the Territory

### ASTONISHING FIGURES

### Arizona Agriculturalists Produced Over Eight Million Dollars

The annual report of the bureau of  
statistics, United States department  
of agriculture, issued December 20,  
1907, shows that Arizona produced of  
corn 300,000 bushels, valued at \$70,-  
000; of wheat, 388,000 bushels, valued  
at \$408,000; of oats, 116,000  
bushels, valued at \$270,000; of barley,  
923,000 bushels, valued at \$710,000;  
and 261,000 tons of hay, valued at  
\$1,654,000, or a total valuation of \$5,-  
122,000, on 143,000 acres, which is ap-  
proximately \$37 per acre.

No state or territory in the union  
can show a production of such high  
average value per acre from the five  
crops enumerated as Arizona, and the  
beauty of it all is that such produc-  
tion can be maintained and increased  
for years and years.

A careful estimate of other crops  
and fruits of Arizona would indicate  
an acreage of 17,000 acres. Oranges  
alone will reach a valuation of \$130,-  
000. Melons, fruits and gardens make  
up the balance and easily reach a val-  
uation of \$3,500,000, making a grand  
total of \$8,702,000 worth of farm pro-  
ducts grown on 160,000 acres of land,  
making approximately \$55 per acre.

### THE CHURCHES

### Tombstone Houses of Worship

At the Congregational church ser-  
vices as usual. Following is the order of  
services for Sunday: Sunday school  
at 10 a. m.; preaching at 11 a. m.;  
Young People at 7 p. m.; Evening  
service and address 7:30 p. m.

No service at the Congregational  
church on Sunday evening, the Pastor  
will preach only in the morning.  
Union service at the Methodist church.

At the Methodist church services  
will be held as usual, and a cordial  
invitation is extended to all to attend.  
Preaching tomorrow at 11 a. m. and  
7:30 p. m. Epworth League meets at  
7:15 p. m. Prayer meeting Wednes-  
day at 8 p. m.

On Sunday morning the Rev. Dr.  
Albrecht, of the Methodist Episcopal  
church, will preach on "Justification  
by Faith," the second of a series of  
discourses on Christian Experience.  
In the evening he will speak on "The  
Elements of Christian Manhood."

Sacred Heart Catholic Church.

## The Cure For

Serofula was once supposed to be the  
tough of royalty. Today, many grateful  
people know that the "sovereign remedy" is  
Ayer's Sarsaparilla. This powerful altera-  
tive expels "the evil" by thoroughly  
eliminating all the poisonous humors from the  
blood. Consumption, catarrh, and various  
other physical as well as mental ailments,  
have their origin in  
**SEROFULA**  
Scarcely a second, this disease manifests it-  
self in chills, by glandular swellings,  
running sores, swollen joints, and general  
feetleness of body. A distinctive Ayer's Sarsa-  
parilla on appearance of the first symptoms.  
"My little girl was troubled with a painful  
serofulous swelling of one of her arms.  
The physician being unable to effect a cure,  
I gave her one bottle of  
**Ayer's**  
Sarsaparilla, and the swelling disappeared, and  
she is now as healthy as a horse."  
W. F. Kennedy, M. F. H. and S. A., Va.  
"I was cured of serofula by the use of Ayer's  
Sarsaparilla."—J. C. Berry, Deerfield, Mo.  
"I was troubled with a sore hand for sev-  
eral years. Being assured the case was  
serofula, I took six bottles of Ayer's  
Sarsaparilla, and was cured."  
—H. H. Perkins, Livermore, Neb.  
PREPARED BY  
**J. C. AYER & CO., Lowell, Mass.**  
Sold by all Druggists. Price 25¢ per bottle.

## WORK ON THE HILL

### Tombstone's Cop- per Field Proving a Wonder

### EXCELLENT SHOWING Last of Mammoth Pumps to Arrive Within Two Months

The copper strike recently made at  
the Emerald mine of the T. C. M. Co.,  
is still developing most satisfactory  
proportions. A winze started on the  
ore is now over 70 feet deep with cop-  
per the entire width of the winze and  
the bottom showing no diminution  
several carloads of the ore is to be  
seen on the dump and is the nucleus  
of what promises to be one of the large-  
est copper producing districts of  
Arizona, if geological formations and  
expert deductions count for aught.  
At the Emerald beside the develop-  
ment in the copper field, regular ship-  
ments of ore are sent to the El Paso  
smelter and this property continues to  
hold its own as a producer.

The two mammoth Cross Compound  
Pumps for the big shaft of  
the T. C. M. Co., are expected to be  
shipped within the next two months.  
These pumps will be installed on the  
100 foot level and with an additional  
pump column to the surface, will  
handle 1200 gallons per minute each.  
This, beside the present pumping ca-  
pacity, will enable prosecution of  
work on the lowest level without in-  
terference from the subterranean in-  
flow and reach the vast ore bodies at  
present guarded by the watery barrier.  
The present daily pumping record  
registers about five million gallons  
mark. The ore from this shaft sup-  
plies the mill which handles about 200  
tons daily.

## ARE IN A FRENZY

### Religious Meetings at Phoenix Cause a Sensation

### MANY ARE AFFECTED Salvation Causes Un- usual Doings-- Fanatic Fervor

Phoenix is in the midst of a relig-  
ious fervor and some strange things  
are reported from the meetings of a  
Mrs. Woodford-Etter, who is conduct-  
ing religious meetings and claims to be  
a divine healer. The Phoenix  
Democrat tells of the latest sensation  
when the 13 year-old daughter of J.  
B. Fraley of Phoenix was suddenly  
inhabited with religious frenzy and col-  
lapsed. The Democrat adds:  
"For fully twenty-five minutes the  
child lay on the platform, waving her  
arms, shouting with joy, now speak-  
ing in words that could not be under-  
stood and then switching to some un-  
known and unheard of language."  
After she had waved her arms,  
clapped her hands, first with her body  
relaxed and then with every muscle  
rigid, for nearly half an hour, the  
child was raised to her feet by Mrs.  
Woodford-Etter and for ten minutes  
addressed the audience in a language  
in which but few words were intelli-  
gible. She ended by coming out of  
what had every appearance of a trance.  
"In the meantime an old woman,  
probably 45 years of age, and with all  
the marks of well discharged mother-  
hood, worked herself into a frenzy,  
and between her jabberings in an un-  
known tongue sang hymns and be-  
sought all to be saved. At one time  
she jumped up and down in her joy.  
"Toward the close of the meeting  
two sisters began to laugh and yell.  
Mrs. Woodford-Etter explained that  
they were but just getting a salva-  
tion. Half a dozen others yelled out that  
they had been saved, most of them  
working in something in a language  
no one could understand."

## ESTABLISH BUREAU OF MINING

### A Governmental Depart- ment Which Is Needed

A Washington dispatch says:—  
A bill creating a Bureau of Mining  
and Technology was introduced yes-  
terday in the Senate by Senator Dick-  
er of Ohio. It assigns to such bureau  
the duty of making exhaustive metal-  
lurgical investigations and adminis-  
tering to the mining interests of the  
country under a director, who shall  
draw a salary of \$5,000 per an-  
num.

Dick also introduced a joint resolu-  
tion creating a mining bureau of  
technology as a branch of the mining  
survey and directing the survey to re-  
port when such a bureau could be  
operated independently of that  
branch.

Arizona has always felt that Sen-  
ator Foraker, and his colleague, Sen-  
ator Dick, of Ohio, were real friends  
of this commonwealth, the latter only in  
a lesser degree than his better ap-  
preciated senior. The offering of the  
measure creating a bureau of mining  
and technology, however, is a proof  
conclusive that Dick is as alive to the  
needs of the great mining interests of  
the country, inclusive of those in the  
west, as real statesmanship calls for.

The measure is not that of a time  
serving politician, but of a real con-  
structive statesman.—Star.

## FOR THE CHURCH

### Will Lecture On Phillippine Islands

A very attractive evening is prom-  
ised on Friday evening, January 31,  
when Mrs. Langley, who spent five  
years in the Phillipine Islands as a  
tourist and teacher, will tell her ex-  
periences in the remote portions of  
the islands, where very few white  
women have ever visited.

Curios from the islands will be ex-  
hibited, musical and gastronomic  
attractions will be offered. Mrs.  
Langley, while not a professional  
lecturer, has spoken a number of times  
in Los Angeles and other places, and  
will be well worth hearing.

Eczema.  
For the good of those suffering  
with eczema or other such trouble, I  
wish to say, my wife had something of  
that kind and after using the doctors'  
remedies for some time concluded to  
try Chamberlain's, and it proved to be  
better than anything she had tried  
for sale by all druggists.

## THE LIST OF Advertised Letters

The following is a list of letters re-  
maining in the general delivery at the  
Tombstone postoffice for the week  
ending January 11:

Batista Navarro Bojorquez G  
Fennell Pat Montijo Francisco  
Larabia F

When calling for above letters, say  
"advertised," giving date of adver-  
tisement.

L. G. CHAMBERLAIN, P. M.

For headache Dr. Miles' Anti-Pain Pills

## TERRITORIAL ITEMS OF INTEREST

### Newsy Arizona Events Taken In at a Glance

A. L. West, an aged carpenter, fell  
from a scaffold on which he was work-  
ing in Phoenix, and received injuries  
which it is believed will cause his  
death.

A Prescott man imagines he is a  
complete electric system, and fearing  
that people will receive a shock if they  
come in contact with him, has asked  
the probate judge to test his mental  
dynamo.

Farmers of Glendale, Maricopa  
county, will meet on Monday next and  
form a cantaloupe growers' associa-  
tion.

The governor of Sonora has sent  
Governor Kibbey two boxes of oranges.  
That's better than handing the chief  
executive a lemon.

Ward Priest, formerly of Tomb-  
stone, and J. H. Maxey, have been  
appointed deputy sheriffs of Yuma  
county.

Yuma is to give a poverty ball on  
January 24.

Struck by stones from an excava-  
tion blast, J. M. Ruby of Phoenix was  
badly injured. One stone missed his  
temple by only half an inch.

John Silver is held in the Pima  
county jail on a charge of insanity.  
He imagines soldiers are after him.

To avoid escape from the city jail,  
Tucson has provided all-nights lamps  
for the prison and jail yard.

Tucson officers are offering a re-  
ward of \$100 for the capture of the  
parties who burglarized the Kitt store  
in that city.

You will get relief from Pain by  
taking one of Dr. Miles' Anti-Pain Pills,  
when an attack first appears.

## BEAN AUCTION

### Was a Success

(Contributed.)  
Lively bidding characterized the  
"Bean Auction" at the Congrega-  
tional church last evening. The auc-  
tioner, Attorney John Williams, proved  
just the man for the place, being ex-  
ceedingly persuasive and mirth-pro-  
voking. The brief musical program  
by Miss McGee, Mrs. Berndt and Miss  
Ellen Berndt was very enjoyable.  
The doughnuts, coffee and cocoa were  
fine, and the receipts, nearly twenty  
dollars pleasing, thank you.

Following the flag  
When our soldiers went to Cuba and  
the Philippines, health was the most  
important consideration. Willis T.  
Morgan, retired Commissary Sergeant  
U. S. A., of Rural Route 1, Concord  
N. H., says: "I was two years in Cuba  
and two years in the Philippines, and  
being subject to colds, I took Dr. King's  
New Discovery for Consumption,  
which kept me in perfect health. And  
now, in New Hampshire, we find it  
the best medicine in the world for  
coughs, colds, bronchial troubles, and  
all lung diseases. Guaranteed by all  
druggists. Price 50c and \$1.00. Trial  
bottle free."

## THE WEATHER

### WEATHER FORECAST

### SPARKS FROM THE WIRES

### Latest News of the Busy World Briefly Told in Summary

At a factory fire at Scranton, Pa.,  
four girls were killed and many in-  
jured as a result of a panic. The fire  
loss was \$75,000.

The Masonic Temple at Baltimore  
was destroyed by fire; loss \$250,000.

The troops have been ordered to re-  
main at Goldfield as a result of a re-  
quest of the Nevada legislature.

The republican committee in Ohio  
announced that the delegation will be  
for Taft.

Scotland Yard detectives after a  
chase of five years captured two men  
at San Francisco wanted for a \$200,-  
000 robbery in London.

The Walsh jury is still out in Chi-  
cago considering the bank wrecking  
case.

China has placed a large order for  
rapid-fire guns in Paris.

The prohibition bill passed the Ok-  
lahoma senate.

Parties desiring shade, fruit or orna-  
mental trees for planting, should call  
on or telephone A. J. Irwin, at the  
Irwin ranch, Tombstone.

## County Treasurer's Notice

Notice is hereby given that I will  
pay all outstanding Cochise County  
Registered Warrants if presented for  
payment on or before the 10th day of  
January, 1908. Interest stops on all  
of said warrants on the 1st day of  
January, 1908.

J. N. GAINES,  
County Treasurer  
Dated December 27th, 1907.

## FOR THE CHURCH

### Will Lecture On Phillippine Islands

A very attractive evening is prom-  
ised on Friday evening, January 31,  
when Mrs. Langley, who spent five  
years in the Phillipine Islands as a  
tourist and teacher, will tell her ex-  
periences in the remote portions of  
the islands, where very few white  
women have ever visited.

Curios from the islands will be ex-  
hibited, musical and gastronomic  
attractions will be offered. Mrs.  
Langley, while not a professional  
lecturer, has spoken a number of times  
in Los Angeles and other places, and  
will be well worth hearing.

Eczema.  
For the good of those suffering  
with eczema or other such trouble, I  
wish to say, my wife had something of  
that kind and after using the doctors'  
remedies for some time concluded to  
try Chamberlain's, and it proved to be  
better than anything she had tried  
for sale by all druggists.

## BEAN AUCTION

### Was a Success

(Contributed.)  
Lively bidding characterized the  
"Bean Auction" at the Congrega-  
tional church last evening. The auc-  
tioner, Attorney John Williams, proved  
just the man for the place, being ex-  
ceedingly persuasive and mirth-pro-  
voking. The brief musical program  
by Miss McGee, Mrs. Berndt and Miss  
Ellen Berndt was very enjoyable.  
The doughnuts, coffee and cocoa were  
fine, and the receipts, nearly twenty  
dollars pleasing, thank you.

Following the flag  
When our soldiers went to Cuba and  
the Philippines, health was the most  
important consideration. Willis T.  
Morgan, retired Commissary Sergeant  
U. S. A., of Rural Route 1, Concord  
N. H., says: "I was two years in Cuba  
and two years in the Philippines, and  
being subject to colds, I took Dr. King's  
New Discovery for Consumption,  
which kept me in perfect health. And  
now, in New Hampshire, we find it  
the best medicine in the world for  
coughs, colds, bronchial troubles, and  
all lung diseases. Guaranteed by all  
druggists. Price 50c and \$1.00. Trial  
bottle free."

## County Treasurer's Notice

Notice is hereby given that I will  
pay all outstanding Cochise County  
Registered Warrants if presented for  
payment on or before the 10th day of  
January, 1908. Interest stops on all  
of said warrants on the 1st day of  
January, 1908.

J. N. GAINES,  
County Treasurer  
Dated December 27th, 1907.  
First publication Dec. 28th, 1907.

## ARE IN A FRENZY

### Religious Meetings at Phoenix Cause a Sensation

### MANY ARE AFFECTED Salvation Causes Un- usual Doings-- Fanatic Fervor

Phoenix is in the midst of a relig-  
ious fervor and some strange things  
are reported from the meetings of a  
Mrs. Woodford-Etter, who is conduct-  
ing religious meetings and claims to be  
a divine healer. The Phoenix  
Democrat tells of the latest sensation  
when the 13 year-old daughter of J.  
B. Fraley of Phoenix was suddenly  
inhabited with religious frenzy and col-  
lapsed. The Democrat adds:  
"For fully twenty-five minutes the  
child lay on the platform, waving her  
arms, shouting with joy, now speak-  
ing in words that could not be under-  
stood and then switching to some un-  
known and unheard of language."  
After she had waved her arms,  
clapped her hands, first with her body  
relaxed and then with every muscle  
rigid, for nearly half an hour, the  
child was raised to her feet by Mrs.  
Woodford-Etter and for ten minutes  
addressed the audience in a language  
in which but few words were intelli-  
gible. She ended by coming out of  
what had every appearance of a trance.  
"In the meantime an old woman,  
probably 45 years of age, and with all  
the marks of well discharged mother-  
hood, worked herself into a frenzy,  
and between her jabberings in an un-  
known tongue sang hymns and be-  
sought all to be saved. At one time  
she jumped up and down in her joy.  
"Toward the close of the meeting  
two sisters began to laugh and yell.  
Mrs. Woodford-Etter explained that  
they were but just getting a salva-  
tion. Half a dozen others yelled out that  
they had been saved, most of them  
working in something in a language  
no one could understand."

## ESTABLISH BUREAU OF MINING

### A Governmental Depart- ment Which Is Needed

A Washington dispatch says:—  
A bill creating a Bureau of Mining  
and Technology was introduced yes-  
terday in the Senate by Senator Dick-  
er of Ohio. It assigns to such bureau  
the duty of making exhaustive metal-  
lurgical investigations and adminis-  
tering to the mining interests of the  
country under a director, who shall  
draw a salary of \$5,000 per an-  
num.

Dick also introduced a joint resolu-  
tion creating a mining bureau of  
technology as a branch of the mining  
survey and directing the survey to re-  
port when such a bureau could be  
operated independently of that  
branch.

Arizona has always felt that Sen-  
ator Foraker, and his colleague, Sen-  
ator Dick, of Ohio, were real friends  
of this commonwealth, the latter only in  
a lesser degree than his better ap-  
preciated senior. The offering of the  
measure creating a bureau of mining  
and technology, however, is a proof  
conclusive that Dick is as alive to the  
needs of the great mining interests of  
the country, inclusive of those in the  
west, as real statesmanship calls for.

The measure is not that of a time  
serving politician, but of a real con-  
structive statesman.—Star.
